JCT 2016 Design & Build

Contract Value

£5.4m

Shetland Road, Tower Hamlets

New Build Residential Scheme, Infill Site

We are undertaking the £5.4m design and build contract for 19 new build low energy homes at Shetland Road, Bow in East London.

The works will see the construction of two, 4 storey buildings and the improvement of open spaces, play area and hard landscaping on the former garages site.

The new homes will provide a mixture of; 3 x four bed, 4 x three bed, 3 x two bed and 9 x one bed properties. The project works are to commence in summer 2021.

We are thrilled to be working with the London Borough of Tower Hamlets to deliver this social housing project.
